

01.05.18 09:30 – 16:00
**Care towards the end of life:
research into practice.**

Join the Cambridge Palliative & End of Life Care
Research Group in discussion on:

- Transfers of care towards the End of Life
- Data sharing dilemmas
- End of Life Care for the Muslim community
- Bereavement Support in Primary Care
- Managing cancer-related fatigue
- Challenges in Anticipatory Prescribing
- Junior Doctors' experience of Palliative Care

We warmly invite you to this **free one day conference** to discuss the implications of our research programme for improving patient care and the potential for developing research together.

**Translating
research into
Practice**

**Developing future
research areas**

**Keynote Speaker
Roberta Lovick:
“Patient experience
shaping service
development”.**

**Roberta Lovick, founder of Louise
Hamilton Centre**

**Institute of Public Health,
Addenbrooke's Site,
Cambridge CB2 0SR**
